## PRODUCT DATA SHEET Hiltru®: Plastic drip tray model HLB4-K

Size Plastic drip tray model HLB4-K

Article number	600100102
Suitable for	4x 200 liter barrel
Dimensions LxBxH	1220 x 1220 x 390 mm
Underride height	Forklift slots H= mm
Collection capacity	250 litres
Weight	40 kg
Load capacity	1250 kg

## Specifications Plastic drip tray model HLB4-K

### HILTRA® Drip pans series HLB-K:

Liquid tight drip trays made of polyethylene including PE grating for indoor storage of environmentally harmful substances in small/embodied, drums and IBCs. The models for IBCs are also available with drain pan for draining purposes. These sump trays are very favorably priced and normally available from stock. Products shown are applicable within the PGS 15 regulations.

- Executed in accordance with PGS 15.
- Suitable for storage of 200 liter drums.
- Material container and grate(s): polyethylene.
- Moveable with pallet truck and forklift. (except model HLB1-K)
